

# EC30 - Easy Control

## Example connection diagram

## Quick Start

1. Insert SIM card. PIN code request must be disabled.
2. Connect **5 VDC** power supply
3. Setup APN using SMS command: "**APN internet**" where "internet" is your SIM card provider APN.
4. Navigate to Rayleigh Connect: [www.rayleighconnect.net](http://www.rayleighconnect.net) and register device using Serial Number and Registration Code.
